

A Guide to

Farm Fresh Food

in Northeastern Connecticut

2023 Edition

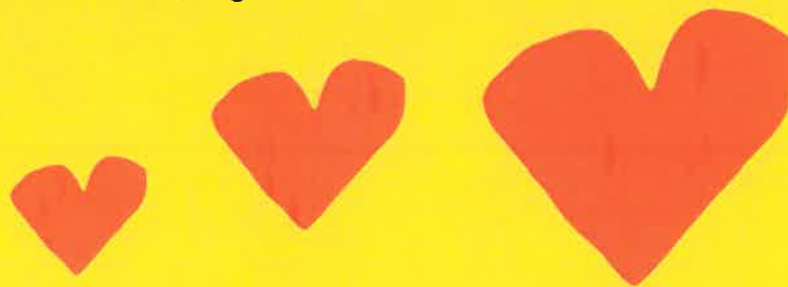

Our Mission is About You!

Grown Connected is all about our small farms and the farmers who raise super fresh and flavorful foods in Northeastern CT. Though the region has a vibrant farming community, research showed that residents in the Northeast were not utilizing small farms as a consistent source for their shopping. UConn Extension joined a team of community leaders and local farmers to help residents reconsider those shopping habits. We created new promotional tools such as the guide in your hands, and we partnered with marketing and design experts to launch the brand "Grown ConNECTed." We hope to make local food more visible, easier to find, and more convenient for residents of the "Quiet Corner" so that they can get a full taste of local flavor on their plates. So get ConNECTed, and Find Your Farm!

Our marketing brand signals that farms are part of our community, and we can grow and thrive through our connections to each other. Our community grows resilient whenever we stop by a farmers' market or farm stand to check in on our farmer friends while we pick up ingredients for meals at home. The conversations we enjoy and the quality of food we purchase make every meal a little richer in its meaning. Our bright logo is a signal that what you are buying is fresh, full of flavor and comes from one of the more than 130 farms in our region that grow products for you. We hope to see you soon at one of the farmers' markets and farm stands throughout the region!

*About Us: Launched in 2021, UConn Extension leads the Grown ConNECTed marketing initiative, relying on an advisory team of farmers and regional organizations to guide the project. **Learn more at: grownconnected.org.***

Thank you to our project partners at the Connecticut Department of Agriculture, The Last Green Valley, and CT Resource Conservation & Development.

UConn complies with all applicable federal and state laws regarding non-discrimination, equal opportunity, affirmative action, and providing reasonable accommodations for persons with disabilities.

Funding for A Guide to Farm Fresh Food in Northeastern Connecticut was made possible by the U.S. Department of Agriculture's (USDA) Agricultural Marketing Service through grant Agreement Number AM190100XXXXG101. Its contents are solely the responsibility of the authors and do not necessarily represent the official views of the USDA.

All farms listed in this guide were confirmed to be in operation as of Spring 2023. If any farming operation was omitted, or if there are discrepancies in the listings, we encourage individuals to contact rebecca.toms@uconn.edu so we can provide accurate information on our website and in future editions of the guide.

FARM TO FOOD ASSISTANCE PROGRAMS

We know that if you're on a tight budget it can be hard to get the delicious fruits, veggies, dairy, and meats that our farms produce for the community. There are a couple of programs in our region that are specifically looking to work with folks to help them access farm fresh food. If you struggle to afford your groceries, these programs below are for you!

CT NOFA's Farm Share Program

This program reduces the cost of a local CSA (community supported agriculture) share for individuals in need of financial assistance and pays farmers the remaining balance. Reach out directly to the farms below to ask about this program, see if they have space, and if you can participate:

KD Crop Farm, Chaplin
Cloverleigh Farm, Columbia
Radical Roots Farm, Canterbury

Windham

Community Fridge at Whitewater Park

A public space where ANYONE may donate or take food for personal use. During the season, volunteers put gleaned food from farms in the fridge!

Windham Community Food Networks Community Table or Mesa Comunitaria

A pantry service that delivers weekly boxes of food to over 20 families in need. These boxes are filled with food gleaned from local farmers, gardeners and pantries and supplemented with additional groceries. The boxes are packed/delivered by recipients and community members who are compensated for their time.

Mansfield

The Mansfield Farms to Families Program is designed to help connect local farms with Mansfield residents. The goal is to increase access to local, fresh foods from area farms to food insecure households. This is accomplished through CSA shares and sourced monthly food boxes. Visit the Town of Mansfield website to fill out an application.

Sponsored CSA shares: approved households will receive a partially sponsored share with the remaining balance paid by the participant. (e.g. CSA share cost \$500 - \$300 sponsored share = \$200 paid by the participant)

Food distributions: locally sourced, fresh produce and food products from area farms coordinated at least 5 times throughout the harvest season that consist of a variety of produce, milk and eggs.

FUN ON THE FARM FOR KIDS

BROOKLYN

Creamery Brook Bison

creamerybrookbison.net

Bison and Pumpkin Tours

We hold events throughout the year where you can see bison in fields up close and learn more about these majestic creatures.

Little Dipper Farm

littledipperfarm.org/events

Kids activities (Little Dippers) held each month on the farm that include kite flying days, art in nature classes, scavenger hunts, fairy house hikes, farm educational events around growing, harvesting and composting - all kid centered!

KILLINGLY

DeFazio Orchard and Greenhouses

[Facebook.com/DeFazioOrchardandGreenhouses](https://www.facebook.com/DeFazioOrchardandGreenhouses)

Bees N' Berries Farm

form.jotform.com/221157403678154

Kids Classes

We have farm related classes for both preschool and school age populations, and private group classes by request. Honeybees and beekeeping is a favorite for all ages. Follow us on facebook and join our email list for the most up to date happenings.

POMFRET

Lapsley Orchard

Wagon Rides

We have wagon rides through the orchard every Sunday in September and October 12pm-4pm.

We-Li-Kit Farm

welikit.com

Horse Drawn Rides

Meet our World Champion Percheron Draft Horses, and make some great family memories. All rides depart from the We-Li-Kit Ice Cream Stand Parking Lot unless otherwise stated. ALL RIDES are weather pending but, dress for the weather, bring blankets/hand warmers if you think you may get cold. Call/text ahead for up to date info or for reservations. 860-234-1328

SCOTLAND

Soul Leaf Farm

into-the-earth.square.site/our-programs

Into The Earth Children's Programing

Into the Earth youth enrichment is a unique venue where children and families can explore their independence while enjoying the outdoors. Our group focuses on outdoor exploration, survival skills, regenerative agriculture, wildlife, self-sustaining practices, and more. In creating an environment where child-led learning can flourish, our hope is that children of all ages will embrace the exploration of the world around them and develop important life skills such as teamwork, self-awareness and esteem for themselves and for others. For more info contact IntotheearthSLF@gmail.com

WOODSTOCK

Azuluna Foods Hub Farm - Woodstock Sustainable Farm

Come on down to the farm! On the first Saturday of every month, May through October, we welcome you to our regenerative farm tours where you can learn more about our pasture-raised livestock. RSVP via Eventbrite: eventbrite.com/e/regenerative-farm-and-pasture-raised-livestock-tour-tickets-565624517157

Fairholm Farm

fairholmfarm.com

Kids Camp and Farm Tours

We provide an environment that allows children to explore & connect with agriculture. Kids gain an understanding of where and how the food they consume is produced, and learn all about animals, land and cooperative teamwork on a modern day farm. 4 fun filled, activity packed weeks to choose from for kids from 6 to 12! 6/26-30, 7/10-14, 7/31-8/4, and 8/14-8/18

1 Hour Farm tours available by request ~ schedule yours today! Join us for a detailed, guided tour of our farm. Learn about our modern dairy operation, our new pork program and what sustainability means to us. We're sure you will leave with a new perspective on what it takes to run a farm in the 21st century.

Fort Hill Farms

forthillfarms.com

June-August: Join us in the meadow for a selection of movies as we bring back the classic drive-in experience!

Late Summer/Early Fall Corn Maze

Explore the 7-acre corn maze that has a new theme each year! Walk through the educational corn maze as you learn about the year's theme. It's a challenging maze, but not frustrating! We also offer select nights where you can enjoy the maze under the stars and moon with our FLASHLIGHT NIGHTS

USING YOUR FMNP AND SNAP BENEFITS TO GET FRESH, LOCALLY GROWN PRODUCTS

Are you a recipient of Farmers Market Nutrition Program (FMNP) benefits or Supplemental Nutrition Assistance Program (SNAP) and are hoping you can use them to buy local food? You're in luck! There are options in Northeastern Connecticut to use your benefits to get the freshest local food straight from Northeast CT farms.

What are FMNP benefits?

FMNP stands for Farmers Market Nutrition Program and includes both the Women, Infants and Children Farmers Market Nutrition Program (WIC FMNP) and the Senior Farmers Market Nutrition Program (SFMNP). Eligible WIC and senior participants are provided electronic benefit cards or an account to access benefits on a mobile device to purchase fresh, unprocessed Connecticut Grown fruits, vegetables, fresh-cut herbs and eggs (and honey for seniors) at authorized farmers markets, farm stands, and mobile markets. The program expands awareness, use of, and sales at farmers markets. The Connecticut Department of Agriculture collaborates with the Connecticut Department of Public Health, 23 local WIC offices, and approximately 200 senior local coordinating agencies.

Where can I use my FMNP benefits?

Many of the farmers markets in the region are authorized redemption locations to accept FMNP benefits. Some farmers markets may also double FMNP benefits. The following farmers markets in the region are authorized by the state as FMNP redemption sites in 2023. To check the list of authorized farmers markets that is updated throughout the season, visit ctgrown.gov.

- Andover Farmers Market
- Ashford Farmers Market
- Coventry Farmers Market
- Dovehill Farm
- Killingly Farmers Market
- Lebanon Farmers Market
- Putnam Saturday and Monday Farmers Market
- Scotland Farmers Market
- Tolland Green Farmers Market
- Willimantic Farmers Market

What are SNAP benefits?

The federal Supplemental Nutrition Assistance Program (SNAP) provides nutrition benefits to supplement the food budget of needy families so they can purchase healthy food and move towards self-sufficiency. Electronic Benefits Transfer (EBT) is an electronic system that allows a Supplemental Nutrition Assistance Program (SNAP) participant to pay for food using SNAP benefits.

Where can I use my SNAP benefits to get local food?

There are a few places that accept EBT throughout the region. Of course some grocery stores carry local products (see section "Find Northeastern Connecticut Products Here"), but for places where you can buy direct from farmers, EBT is accepted at these locations:

- Andover Farmers Market
- BZB Farm
- KD Crop Farms
- Mon Soleil Market Garden
- Our Kids Farm
- Radical Roots Farm
- Russo's Roots
- Willimantic Farmers Market
- Willimantic Food Coop

We hope this list grows! The SNAP Retailer Locator allows anyone to locate nearby SNAP-authorized retailers: fns.usda.gov/snap/retailer-locator

What does it mean to "double" my SNAP or FMNP and how do I do it?

The Willimantic Farmers Market doubles SNAP benefits for fresh fruits and vegetables for up to \$10 every week. You'll receive two sets of wooden tokens: one that's black and can be used for any food item (produce, bread, meat, eggs, syrup, etc.) and another that's green and can only be used to purchase fresh fruits and vegetables. Each token is worth \$1. For example, if someone uses their EBT card at the Market Information Tent and takes out \$10 of their SNAP benefits, they'll receive 10 black tokens and 10 green tokens to spend at the market. If someone takes out \$20, they'll receive 20 black tokens and 10 green tokens. The lion's share of the funds for doubling SNAP comes from End Hunger CT! (endhungerct.org) with additional critical funding from the Willimantic Food Co-op.

Need food assistance or want to learn more?

Visit the SNAP website:

portal.ct.gov/dss/SNAP/Supplemental-Nutrition-Assistance-Program---SNAP

And check out page 39 for local food assistance programs
